Features and Benefits

Emissions

The Kubota Super Mini Series features compact multi-cylinder liquid cooled industrial diesel engines which comply with EPA / CARB Tier 4 + EU Stage V emissions regulations.

Durable Power

The Kubota Super Mini Series has been chosen as a power source for a variety of applications. The Z482 engine offers a seamless transition from E3 to E4 by maintaining the same level of performance and physical characteristics.

Clean and Quiet Power

Kubota's original E-TVCS (Three Vortex Combustion System) has been further improved for cleaner emissions. The piston recess has been optimized to achieve lower particulate matter (PM) levels at an extremely small size. The half-float valve cover and MoS2-coated pistons reduce noise levels and decrease vibrations transmitted from the valve area.
