# New Generators

**Stuart Group Ltd** are one of the largest privately owned independent power generation businesses in the UK offering diesel generators, hybrid and gas generators. We have been offering a professional service for over 35 years.

We are a main dealer for FG Wilson branded generators and parts plus we can offer other branded new diesel generators from manufacturers such as Marapco, Cummins, Bruno and many others.

With a large stock of new diesel generators available for quick turnaround we can assist with most power applications to meet customer requirements.

## EU Stage V

*We are pleased to introduce the New EU Stage 5 emission compliant generator range from FG Wilson. We can also offer sets from other manufacturers.*

## Pro Range

*The New Professional Rental Operator (PRO) Range are all EU emission compliant. Designed for rental business in mind.*

**Stuart Pumps** has been operating in the pumping industry since 1982 in the supply and hire of water pumps. Offering a wide variety of units including submersible, centrifugal, borehole, slurry and sewage ranging from 2" to 24".

## Purchase a Pump

We hold a massive range of new and used pumps to suit virtually any application. We also offer pump service contracts for all pumps sold within the UK (new or used).

Based in Norfolk with depots in Lincolnshire, Merseyside and West Midlands we can provide competitive pump sales and rental rates in the United Kingdom.

We are a authorised distributor for Xylem/Godwin products in the UK & NI offering the full range of Dri-Prime diesel engine pumps along with drainage electric submersibles. A selection of CD-Series Hushpac pumps are available from stock.

We arrange inspection, servicing and delivery on all our used stock to all our customers internationally.

Contact our team on **01953 454540** for more information.

## Pump Servicing

*We also offer pump service contracts for all pumps sold within the UK (new or used).*

## Hoses and Ancillaries

*We stock a variety of hoses and accessories from Wire Armoured to Layflat Hose and Bauer couplings to Strainers.*

# Parts & Spares

As the UK's largest authorised distributor for FG Wilson, **Stuart Group** are the only part specialists you need to contact to meet all your post sales requirements.

We can supply all parts from filters to a complete replacement engine. We maintain a large stock holding and have a reliable trusted supply chain.

Our team of professional and experienced advisors can help you to identify everything from engine components and alternator parts to everyday serviceable filters.

## Filters & Engine Parts

## Generator Control Panels

## Sockets, Plugs & Accessories

## GEK Power Box

## Transfer Panels

We stock a vast range of genuine FG Wilson and genuine Perkins parts with daily stock replenishment, we aim to provide the best service to our growing client base.

We offer next day delivery nationwide to ensure your machinery down time is kept to a minimum and we offer export orders worldwide.

# Used Generators

**Open Sets**

At **Stuart Group** we stock a large range of used diesel and gas generators. Ranging from 6kVA up to 2500kVA. These are high quality second user sets from recognised names in power generation including: FG Wilson, Perkins, Caterpillar, Bruno, Cummins, Olympian, SDMO and more.

Our full listing of quality available used stock, which includes open, canopied and containerised generators at [www.stuartgroup.ltd.uk](http://www.stuartgroup.ltd.uk)

**Canopy Sets**

**Containerised Sets**

We can offer in-house inspection, servicing and testing on all our used stock. We can also arrange UK and international delivery.

Contact our team on **01953 454540** for more information.

# Fuel Tanks & Lighting Towers

**Stuart Group** offer a large range of Diesel and AdBlue bunded storage tank solutions ranging from being used in your yard to construction and industrial applications.

In addition to our stock range of tanks, we can also offer bespoke tanks to suit your requirements and installation as per your specification.

All the tanks offered have ADR and UN approval, fulfilling the requirements of the European agreement concerning the international carriage of dangerous goods by road, dated 01 January 2005 (ADR 2005).

All units are tested and approved by the manufacturers to conform to these requirements.

At **Stuart Group** we supply the newest range of mobile lighting towers, including models from leading manufacturers such as Generac, Trime and Bruno.

Available in Diesel, Hybrid, Solar and Battery operations. For the most economical lighting solutions nationwide.

We provide used sales of lighting towers, which are tested and in full working order prior to sale.

*The V20 is a mobile light tower equipped with 4x320W high efficiency LED lamp floodlights.*

*The X-ECO gives the user substantial benefits in fuel and emission reductions, with compact dimensions.*

# Installations & Projects

At **Stuart Group Ltd** we can offer our customers installation of generators and associated equipment. Whether you already know and understand the requirements for your project or require in-depth guidance, we can help. From initial discussions, survey and design through to Project management, commissioning and training, we have the ability to provide our customers with expert guidance and support throughout the whole process.

With extensive experience in multiple industry sectors, including the Water industry, Ministry of Defence, Health Service and IDB, our skilled team of qualified Engineers can provide a suitable and workable solution for any application.
